

The VI AMMCS International Conference

Waterloo, Ontario, Canada | August 14-18, 2023

Special Session MSD

Title: Mathematics of Systems with Delay

Organizers: Elena Braverman (University of Calgary), Anatoli Ivanov (Pennsylvania State University), Erik I. Verriest (Georgia Institute of Technology)

Dear colleagues:

We cordially invite you to participate in the work of 6th International Conference AMMCS and present a talk in our special session SS-MSD devoted to theoretical and applied aspects of delay, functional differential, and integral equations. The conference will take place during August 14-18, 2023, in Waterloo, Canada, on the site of Wilfrid-Laurier University.

The detailed instructions how to submit an abstract can be found at

<http://ammcs.wlu.ca/submit-abstracts> The deadline for submission is May 25, 2023.

The general information about the conference is described on its web site <http://ammcs.wlu.ca>

The conference proceedings will be published by Springer.

We are looking forward to seeing and welcoming you in Waterloo in August.

Sincerely

E. Braverman, A. Ivanov, E.I. Verriest
